The following papers were considered by the Committee:

- papers for Licence Committee (56 pages)
- no papers were tabled:

1. The papers for this item were presented by Parvez Qureshi, HFEA Inspector. Mr Qureshi informed the Committee that this is a medium sized centre, carrying out about 400 cycles per year. The centre has a good history of compliance and is currently working towards ISO accreditation. The inspection visit was able to confirm that all the issues identified at the previous inspection of the centre have now been satisfactorily addressed.

2. The Committee agreed that the centre's licence should continue with no additional conditions
