Conflicts of Interest: members of the Committee declared that they had no conflicts of interest in relation to this item.

The following papers were considered by the Committee:

- papers for Licence Committee (3 pages)
- no papers were tabled.

1. The papers for this item were presented by Janet Kirkland, HFEA Inspector. Ms Kirkland drew the Committee's attention to the centre's risk rating with regard to compliance with the EUTCD, which was 9%, in the low range. She informed the Committee that this is a compliant centre which had an inspection last year which raised few areas of concern.

2. Ms Kirkland drew the Committee's attention to the particular areas of non-compliance, which were:

- Third party agreements
- Establishment and maintenance of a Quality Management System
- Patient Questionnaires and complaints
- CE equipment or validation
- Records Control
- Procedures in line with professional organisations
- Procurement Reports
- Air quality.

3. The Committee noted that the centre is working towards full compliance with the requirements of the EUTCD and that progress will be assessed at the next inspection visit to the centre.

4. The Committee agreed to vary the centre's licence pursuant to the Human Fertilisation and Embryology Act 1990, as amended by the Human Fertilisation and Embryology (Quality and Safety) Regulations 2007.
